The vision of the American Graduate School is "Peace through Education". Eleanor Roosevelt

said, "It isn't enough to talk about peace. One must believe in it. And it isn't enough to believe in it. One must work at it." At AGS, I truly believe in it, and I hope to find the leaders and thinkers that will contribute towards our quest for peace. During our time at AGS, we hope to establish a strong foundation of knowledge and skills that will be valuable in our careers and in our lives. We are committed to providing a high-quality education that will prepare our students for the challenges of the future. We are also committed to creating a supportive and inclusive learning environment that will allow our students to thrive. We believe that education is the key to a better world, and we are proud to be part of a community that is dedicated to making a difference. We are excited to have you join us at AGS, and we look forward to working with you to create a brighter future for all of us.
